The Space City Cycling Club wants you! Whether you are a “seasoned” cyclist or new to the sport of cycling, the Space City Cycling Club has a place for you. **Membership is just \$25 per year.**

Above all, the essence of membership in the club is the *ride*. It is the force that gets you up and out for a 7:30 start on Saturday and Sunday. It is the feeling you have after working together with fellow riders to offset the effects of the weather and create a cohesive riding group, if only for a little while. It is the satisfaction of achieving your personal goals for fitness or mileage. It is the pure joy of being on the bike. It is the ride.

Established in 1979, the Space City Cycling Club (SCCC) is dedicated to the promotion of cycling as a sport and a great recreational activity for the entire family.

The SCCC is a diverse cycling organization with over 300 members from all walks of life and all skill levels ranging from the recreational rider to category level racers. Members of SCCC enjoy numerous activities and perks including generous discounts at Bike Barn, various social events and organized rides every Saturday and Sunday.

The weekend group rides are a great way to meet other riders, and enjoy the camaraderie of riding with oth-

er cycling enthusiasts. The Saturday ride has several skill

level groups ranging from Neo-cruisers to the warp speed racers and everything in between. So regardless of your skill level or experience, there is always a group for

you.
